CLASH IN THE SENATE; FEELING RUNNING HIGH

Gallinger and Kern Have Verbal Mix-Up Over Daniels'

Speech. An apparently humorous remark by Senator Gallinger yesterday brought on a

short but sharp debate between him and Majority Leader Kern, which showed that feeling on both sides of the Senate chamber is running high. Senator Swanson asked unanimous consent to have an address of Secretary of the Navy Daniels made a public docu-

"Was it in that address that he spoke of having the officers and men of the navy take mess together," asked Senator "Or was it that address that caused the

either subject was mentioned in this address, and the incident apparently was ended when Senator Kern rose to his feet and asked for recognition. He questioned whether the Secretary ever proposed that officers and men mess

together. He said that public men are always being misinterpreted and misquoted in the newspapers, and added: "I have no sort of doubt that the dec-Senator Gallinger seemed to think that this was a reflection upon his accuracy,

Work of Mexican Malcontent. CLIFTON, Ariz., August 2:- The Catholic church at Morenci, near here, was wrecked early today by the explosion of dynamite. This was the second attempt at destruction, the first having been unsuccessful.

The bomb was placed under the main building. Father Call, who was asleep in an apartment near the sacristy, was thrown from his bed, but escaped injury. Officers are proceeding on the theory that the work was that of a young Mexican who recently had sworn to destroy all institutions maintained by contributions from the working class.

Young Illinois Druggist Found Unconscious in Dentist's Office.

SPRINGFIELD, Ill., August 2.-Searching inquiry was made today by Coroner Rhodes to determine the cause of the mysterious death late last night of A. T. Kammerer, a prominent young druggist of this city, who was in good health yesterday morning when he went to the office of Dr. R. G. Hunn to have

a tooth pulled. Dr. Hunn still insists that Mr. Kammerer drank a quart of whisky before the tooth was pulled. He admits he pulled the tooth while the druggist was lying on the floor. When asked why he denied that Mr. Kammerer was in his office when friends inquired about him, Dr. Hunn said he wanted Mr. Kammerer to

get over the effects of the stimulant. The druggist's presence in the dentist's office was discovered by Mrs. Kammerer. When the dentist told her that her husband was not there she caught a glimpse of his hat and coat. On the floor of a back room she found her husband unconscious. He was taken home and medical treatment given, but died ate last night. Coroner Rhodes says examination of the stomach falled to reveal the presence of
